

Cat Genetic Testing

We offer a customer focused, internationally recognised laboratory service providing fast, reliable, and accurate cat genetics results to vets, breeders and owners.

We are at the forefront of discovery, focused on improving feline health and welfare by reinvesting profits from this service into research of inherited conditions in cats.

Your Breed Club 20% discount code is:

LVS-GT202

Why test with us?

- **Fast, reliable and accurate results**
- **Flexible test selection** allows customers to select any combination of genetic tests to suit their requirements and allows us to repeat individual tests if needed, something that is not possible with panels.
- **Extra test required service** allows customers to add additional or newly developed genetic tests later on without the need to re-run all the original tests or panel*
- **20% promotional discount** off genetic testing list prices to members of Breed Clubs registered with us**
- **Free UK postage**
- **Vet submission option** for customers requiring cats to be registered on negative or active breed registers (including, but not limited to: The Governing Council of the Cat Fancy (GCCF), The International Cat Association (TICA) and Livre Officiel des Origines Félines (LOOF))
- We are the **only laboratory in Europe recommended by the Governing Council of the Cat Fancy (GCCF)** for genetic testing of cats
- **Scientist led Genetic Advice Service** offering assistance with appropriate test selection and interpretation of our results
- We **re-invest profits from our Cat Genetic Testing Service into research** to advance the discovery, understanding and screening of inherited conditions in cats
- We are **active members of the 99 Lives Cat Genome Sequencing Initiative**

*We store samples for a minimum of 2 years, often longer

**If your Breed Club is not yet registered with us ask the secretary to contact us for a promotional code
