## Invites to Open Digital Catshow in favor of homeless cats

*The cat shelters in Uppsala, "Föreningen Samvetet" and "Musses vänner" continuously work with handling, caring and finding new for ever homes for homeless cats. All work is beeing done ideally and unpaid. The surplus from this show will be given to the shelters. Then we help with money for food, veterinary care and everything else that the cats need. We hope that you would like to contribute to the welfare of these cats and participate in our show. All sponsor prices will also go to the cat shelters.*

**Last application day October 28 – Judgements November 8-14  
– Results November 25**

SNRF invites all who are interested to a digital show with photos as a small replacement to the cancelled real shows during 2021. You are welcome to participate with as many cats as you want. All breeds recognized by the WCC can join us, except for Scottish fold with folded ears, which are not recognized by Swedish law. And all the Domestic Pets are welcome, of course!

### **Competitions:**

Basic judgements divided into categories longhair, semilonghair, shorthair, siamese group and hairless cats. If there is not enough number of cats in a category, the categories will be incorporated with another category.

Kittens 3-6 month

Juniors 6-10 month

Adults 10 month - 8 years

Neuters 10 month – 8 years

Domestic Pets

Veterans from 8 years

**The judges** will give every cat a separate judgement based on the conditions from photos. This will be sent to you after the show. The judges will nominate their best cats who will compete for the titles Best Kitten, Adult, Neuter, Domestic Pet and Veteran. This final will be managed by a special "final judge". N.B – No certificates or titles will be issued. This is an unofficial competition.
